## **DETAILED ACTION**

### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

The closest prior art, namely MacLeod (U56,598,135) and Braithwaite at al (US6,104,561), does not teach or render obvious the invention as claimed in claims 10-17.

As per claim 18, the prior art does not teach or suggest "attempting to write the data back to the computer diskette at the storage location" in combination with the other elements set forth in the claimed invention. Instead, McLeod teaches "overwrite of a previously written sector is prevented" (col. 6, lines 14-23).

Therefore, independent claims 19-24 are allowed as being dependent upon claim 18 and having additional allowable features therein.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
